

Lead authority	Total amount	Project(s)
Stockport /Gtr Manchester bid	190,000.00	Impacts of traffic control and low emission vehicles on NO2 concentrations
Birmingham (West MidsGroup)	120,000.00	Project to define emissions reduction strategies, including LEZ, LES toolkit,
Lewes Council	120,000.00	Sussex Low Emission Zone feasibility assessment project (2012-2013)
Bradford	102,000.00	LEZ feasibility study for Bradford
York City Council	68,500.00	a) LEZ feasibility study, and b) Fleet Recognition Scheme
Newcastle /Gateshead MBC)	60,000.00	Newcastle/Gateshead Low Emission Zone Feasibility Study
Stoke-on-Trent	60,000.00	Victoria Road Corridor
Hillingdon	55,000.00	a) Heathrow Air Quality Hotspot Project, and b) Hillingdon Air Quality Hotspot Project
Reigate & Banstead	53,236.00	Optimisation of traffic signal timings to minimise pollutant concentrations
Wigan MBC/LESP	50,950.00	Provide evidence to support LES approach and guidance on including LES in AQAPs
Leeds City Council	50,000.00	Low Emission Zone Feasibility Study
Leicester City Council	50,000.00	Leicester Bus Emissions Study
Bath & NE Somerset DC	46,500.00	Low Emission Zone Study
Bristol City Council	45,000.00	Bus NOx emissions reduction
Corporation of London	45,000.00	a) Cityair and b) Idling and awareness campaign
Corp. of London (joint bid)	40,000.00	Remote sensing of NO2 exhaust emissions from road traffic
East Hertfordshire DC	40,000.00	The effect of school traffic on air pollution
Ealing	40,000.00	Remote sensing of actual vehicle emission in central London. See Corporation of London
Maidstone Borough Council	40,000.00	Low Emission Zone/Scheme Feasibility Study
Reading Borough Council	40,000.00	Low Emission Zone Impact Study
Sheffield/S Yorkshire Group)	40,000.00	Sheffield City Centre Low Emission Zone Study
Southampton	40,000.00	LEZ feasibility study and monitoring

Warrington Council	40,000.00	Low Emissions Strategy Feasibility Study
Brent (joint bid)	38,000.00	TEEM: Development of a web-enabled, geo-spatial emissions model
Hounslow	35,000.00	Chiswick High Road – achieving air quality compliance
Oxford City Council	35,000.00	Propose an assessment framework/emissions tool. Review work being implemented already (LES) – consult with partners to quantify emission reduction
Cheshire East	30,000.00	Low Emission Strategy
Chichester	30,000.00	Workplace Cycle Challenge
Gedling	30,000.00	Gedling ECO Stars
Aylesbury Vale	28,000.00	Low Emission Zone/Scheme Feasibility Study
Camden	23,000.00	a) AQ Health Perceptions Study, and b) Euston Road NO2 monitoring
Waverley	21,500.00	Traffic management and Low Emission Feasibility Study
Chiltern DC	20,000.00	Chiltern Air Quality Action Plan
Greenwich	20,000.00	Promoting uptake of gas vehicles through an interactive database
Mid Devon DC	20,000.00	Taxi ECO Stars
South Lakeland DCI	20,000.00	Kendal Behavioural Change Project
South Northamptonshire	20,000.00	Towcester Town Centre AQMA
Warwick DC	20,000.00	Tender Project: feasibility of introducing LEZs within Warwick District
Islington	17,900	airTEXT continuation project
Horsham District Council	15,000.00	Storrington Traffic Fleet Survey & LEZ Feasibility Assessment
Canterbury City Council	14,800.00	Vehicle Emissions Monitoring Study
Colchester	14,000.00	Eco-driving initiatives – ‘Love your car’ campaign
St Albans DC	14,000.00	Quantitative Appraisal of AQAP measures to achieve compliance in AQMA
Ipswich/Suffolk CC	12,640.00	Ipswich Transport Fit for the 21st Century – UTMC Component
Harrow	12,000.00	Grant not accepted. To be reapporioned.
Sutton	10,000.00	Assessment of NO2 levels in vicinity of selected schools

Dudley	9,900.00	Awareness Raising Campaign to reduce idling vehicles
Hackney	8,800.00	Idling Vehicle Project
Haringey	7,180.00	Idling Vehicle Campaign
Lewisham	5,000.00	Vehicle Emissions Testing Day and Sustainable Transport Promotion
Merton	4,000.00	Smarter Driving Techniques
